Dear Salliann,

The Maryland Assembly on School Based Health Care (MASBHC) Board of Directors is very pleased to award you with the 2022 Annual Apple Award. MASBHC presents the award to those individual(s) who have championed school-based health centers in Maryland.

MASBHC makes the award in recognition of your many years of quiet and constant support for both the organization and Maryland's SBHCs. You have over the years offered MASBHC space to hold meetings and housed the organization within your office space, supported school-based health care as an important source of care for children and youth in our state, backed MASBHCs policy and legislative initiatives, supported critical work to strengthen and improve collaboration and communication between Maryland's Managed Care Organizations and SBHCs, and encouraged and fostered the relationship between SBHCs and Federally Qualified Health Centers.

In recognition of your years of support, the board and members of the Maryland Assembly on School-Based Health Care are honored to award you the **2022 MASBHC Champion of the Year Apple Award**.

Again, thank you for all you have done for school-based health centers.

Sincerely,

Joy Twesigye
MASBHC President
